

Dear Members of the Admissions Committee,

I am writing to strongly recommend Bingbing Feng for admission to your PhD program in Computer Science. I have had the pleasure of knowing Bingbing throughout his postgraduate studies, during which he pursued a master's degree in Computer Science and Technology under my supervision.

Bingbing has achieved outstanding research results at the intersection of nonlinear dynamics and complex networks. His work was recognized with the prestigious 2022 IEEE Transactions on Circuits and Systems Guillemin-Cauer Best Paper Award, a testament to his exceptional research capabilities and dedication. In addition to his remarkable research, Bingbing was also an exceptional student in my mathematical analysis class during his undergraduate studies, consistently achieving excellent performance, and this strong foundation has been evident throughout his academic journey.

Bingbing's passion for research is driven by a profound interest in both mathematics and artificial intelligence. His dedication, intellectual curiosity, and exceptional research capabilities make him an ideal candidate for your PhD program. I am confident that he will make significant contributions to your academic community and continue to excel in his scholarly endeavors. Please feel free to contact me if you need any further information.

Sincerely,

Prof. Chengqing Li
